

# CRISPE CHARITY STORY

## The Future

We have heard of the past 300 years, but let us now look to the Future. With the history we have heard, we can all be proud of our local Charity, which still serves both young and old in the Parish of Birchington with Acol. In 2004, the Trustees of the Charity unexpectedly learned that they were now the owners of the Old Scholars' Club in Park Lane. The Club was recently sold for £74,000, the bulk of which will now be invested for the benefit of both young and old in Birchington and Acol.

The interest of the invested money, along with the money from the original tenancy, will continue to be shared between the scholars who apply, the local organisations and ten poor widows of the Parish. Of one thing we can all be certain - Ann's face is wreathed in smiles today. And so her charity will continue.
