

You can still walk up and down this one

Public access. Doesn't seem to be used that much these days as rather overgrown and unkempt towards the top. This is between Fair Outlook and Winston Court.

Blocked. Where the newer flats (Winston Court, Spencer Rd) are.

To one of the Tower Bungalows. Blocked.

To one of the Tower Bungalows. Perhaps private stairs down to beach at one point?

Private stairs at one point? Stairs from garden to deck still there, but railings rotting so doubt it's used. Would the brickwork be part of the cliff repairs we have archived? (1913 maybe).

To one of the Tower Bungalows. Blocked, but could probably squeeze through one day when I'm without the dog.

Private. Goes to one of the bungalows again. Blocked off at garden end.

Private, gated access.
