

## **PENNY PINCHING in EXTREMUS!**

**Street Lighting - 11<sup>th</sup> October 1884**

Keble's Gazette p 8

Under the heading of "Street Lighting" the local residents of Birchington asked their Parish Council if they could please prevent the lamp-lighter from lighting the gas lamps in the Square and Station Road on moonlit nights, as this was a waste of money. They asked that this advice be taken to "save expense".
