

JOHN POWELL POWELL ARMS

I have gone back to the Grant of Arms 1813 and this is what it says -

Gules a Lion rampant guardant Ermine charged on the Body with two Mullets Azure And for the Crest on a Wreath of the Colours A Cubit Arm erect proper charged with a Fess cottifed (or cottised) Sable thereon a bezant the hand grasping a Sword also proper pomel and hilt

Helpfully there is an image too. I have attached a photograph of it.

I realise that this is different to what you sent me. Whereabouts is it in the Chapel?
