

SHRUBLANDS 23 St Mildred's Avenue

The first owner of this 'turret' bungalow was the architect **John GILCHRIST WILSON**. He may also be the designer of his own and about 8 or 9 other similar ones in Minnis Bay. He was already listed under this address in the 1920 Kelly's Directory, so must have been there in 1919 when the lists for 1920 were being set up. The other bungalows of this design were all built around the 1920 period, when he was living there at Shrublands.
